HEALTHIER, LONGER, BETTER LIVES

AIA MUM2BABY CHOICES

THE GIFT OF LIFELONG PROTECTION

Give your child an advantage in life with guaranteed protection that begins even before birth.

Covers from 13th week of pregnancy

It's never too soon to start protecting

Covers babies conceived via IVF / IUI / ICI and ICSI!

When you're expecting a child or growing your family, giving them a head start in life becomes a priority. That's why our suite of prenatal plans — **AIA Mum2Baby Choices** — provides protection for both mother and child from as early as the 13th week of pregnancy, and offers guaranteed lifelong protection for your child.

Depending on whether you want a protection-focused solution or one that helps you save up for your child's education, AIA Mum2Baby Choices has got you covered with two bundle options to choose from. Regardless of the chosen bundle, you will have the flexibility to transfer the base plan and applicable riders to your child within 100 days from birth with no medical questions asked.

Choose from two ways to protect

AIA Mum2Baby Choices offers two bundled solutions, namely **AIA Mum2Baby Protect** and **AIA Mum2Baby**, each designed to cater to your unique needs.

Why choose a prenatal rider?

For mum

Early protection
Peace of mind protection that begins as early as 13 weeks into the pregnancy.

Comprehensive protection
Covers expectant mum against pregnancy complications[1] and offers financial assistance in the event of hospitalisation due to pregnancy complications and other conditions with the **Hospital Care Benefit**[2] – and for longer hospital stays or ICU due to any cause, with the **Major Hospitalisation Care Benefit**.[3]

Additional protection against medical negligence
Should the expectant mum and/or baby unfortunately pass away due to medical negligence[1], we will pay the coverage amount only once, in addition to the death benefit.[4]

Uninterrupted coverage for mum
3 years of protection against death for the mum will continue even after birth.

Early Delivery by Caesarean Benefit **New!**
Pays out 15% of coverage amount[5] if the expectant mother undergoes a delivery by caesarean section before 36 weeks of gestation.

No claims reward

Receive up to S$250 premium voucher[6] to purchase a new eligible AIA policy if no claims are made by the end of 3 years.

For baby

Protection that begins right from birth
Covers your little one against congenital illnesses[1] and provides daily hospitalisation benefits[2] for incubation[7], ICU / HDU, including neonatal ICU / HDU due to premature birth, Hand, Foot and Mouth Disease, phototherapy or blood transfusion for severe neonatal jaundice, and other infectious diseases for up to 3 years.

Guaranteed lifelong coverage
With no medical questions asked, you may inform us to transfer the base plan and applicable riders to your child easily within 100 days from birth, thus getting the assurance that your little one receives guaranteed protection up to age 100.

Want to safeguard your baby further?
Supplement your baby's protection with guaranteed multi-stage critical illness coverage when you add on an eligible critical illness rider right from the start.

Guaranteed protection right from the start

[#] Please refer to the policy contract for definitions of covered conditions.

Terms & Conditions:
There are certain conditions whereby no benefits will be payable. You are advised to read the relevant policy contracts for details.

[1] This benefit will only be paid once. Once a claim is paid, this benefit will terminate.
[2] This benefit will automatically terminate once a maximum of 30 days of benefit is paid.
[3] The Major Hospitalisation Care Benefit will terminate once this benefit is paid or 60 days from the birth of the baby, whichever is earlier. Upon the payout of this benefit, the Hospital Care Benefit for mum will also terminate.
[4] If mum and/or child unfortunately passes away due to medical negligence of a Physician, Specialist or Hospital in Singapore or Malaysia, this benefit will pay 100% of coverage amount, in addition to the Death Benefit for mum.
[5] The Early Delivery by Caesarean Benefit will be paid out if the procedure is deemed medically necessary by a registered medical practitioner. This benefit will not apply if the mother is carrying 2 foetuses during pregnancy.
[6] The premium voucher can be used to purchase a new investment-linked, whole life or endowment policy, available at AIA's discretion, when this supplementary benefit expires on the 3rd policy anniversary of the basic policy without a claim admission. Please refer to policy contract for the full terms and conditions.
[7] Incubation of a new-born child must be more than 3 consecutive days immediately after birth.

These insurance plans are underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) ("AIA"). All insurance applications are subject to AIA's underwriting and acceptance. This brochure is not a contract of insurance. The precise terms and conditions of these plans, including exclusions whereby the benefits under your policy may not be paid out, are specified in the relevant policy contracts. You are advised to read the relevant policy contracts. You are recommended to read the product summary and seek advice from an AIA Consultant for a financial analysis before purchasing a policy suitable to meet your needs.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
