HEALTHIER, LONGER, BETTER LIVES

AIA DIABETES CARE

FIRST TO SCORE AGAINST DIABETES

Get the winning advantage with Singapore's first critical illness coverage tailored for Type 2 diabetics and pre-diabetics.

Your much-needed assist in the face of diabetes

A diabetes diagnosis is life-changing in every sense. Managing diabetes can mean big lifestyle adjustments, as you now have to give extra thought to diet, exercise, and monitor your health condition daily. But even as you tackle your new health challenges, you may face difficulties getting new coverage or keeping up with future treatment costs.

This is what AIA Diabetes Care was created for. A groundbreaking plan for pre-diabetics and Type 2 diabetics aged 30 to 65 years old[1], it helps you score against diabetes, so you can live life to the fullest.

AIA Diabetes Care – providing you with coverage when you need it most

We believe everyone deserves the coverage they need, especially after being diagnosed with a chronic illness. That is why we designed AIA Diabetes Care to provide coverage for key diabetes-related conditions.

Aside from making sure you and your loved ones have the financial support you need in case the unexpected occurs, the plan also works jointly with AIA Vitality to help you manage your condition better. With personalised fitness challenges, partner benefits, and more, you can make the choice towards better health than before.

Key benefits

Easier access to protection

Getting coverage after a diagnosis is now easier with AIA Diabetes Care, without the need for medical examinations. Simply answer 5 simple questions for access to the coverage you need.

Guaranteed coverage for 5 key diabetes-related conditions

Should a critical illness strike, AIA Diabetes Care creates a financial safety net for you, so you can focus on recovery. You'll receive your full coverage amount, or 110% of the total annual premiums paid, whichever is higher, if diagnosed with any of the five diabetes-related critical illnesses covered:

- Blindness (Irreversible Loss of Sight)
- Coronary Artery Bypass Surgery
- Heart Attack of Specified Severity
- End Stage Kidney Failure
- Stroke with Permanent Neurological Deficit

GUARANTEED RENEWABLE & LEVEL PREMIUM

That's not all. To give you peace of mind, AIA Diabetes Care is guaranteed renewable and the premium will remain the same throughout the whole policy, up to age 80. So you don't have to worry about escalating premiums in your later years.

Receive an extra payout for special condition

Because we know how other health problems could crop up as a result of elevated blood sugar levels over the long term, we'll give you a 20% payout of your coverage[2] amount upon limb amputation[3] as a result of a diabetes-related complication, ensuring you'll have the support you need to adjust your lifestyle.

Add-on protection with Cancer Cover

For extra peace of mind, bolster your plan with an optional Cancer Cover. Upon a diagnosis of early or intermediate stage cancer, you will receive a 20% payout of your coverage amount.[4] If diagnosed with major cancer, you will get a further 100% of your coverage amount. This is in addition to the coverage from the main plan.

General Notes:

There are certain conditions whereby no benefits will be payable. Waiting period and survival period are applicable before the benefits will be payable. You are advised to read the relevant policy contracts for details.

[1] To be eligible for coverage, the insured must be a non-smoker, whose diabetic condition was diagnosed after age 25, with no pre-existing diabetes-related complications.

[2] Payable only once and provided there is no payout made for the critical illness benefit.

[3] 20% of coverage amount is payable upon amputation of a foot or hand at/above the ankle or wrist, to treat gangrene that has occurred due to a diabetes-related complication.

[4] Payable only once and provided there is no payout made for major cancer.

[5] Discount applicable from the second policy year onwards will depend on the AIA Vitality Status attained. The discount is capped at 15%.

Important Notes:

These insurance plans are underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) ("AIA"). All insurance applications are subject to AIA's underwriting and acceptance.

This brochure is not a contract of insurance. The precise terms and conditions of these plans, including exclusions whereby the benefits under your policy may not be paid out, are specified in the policy contracts. You are advised to read the policy contracts.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
